About Vaaldrin Exports

Vaaldrin Exports is an emerging, compliance-focused, founder-led export house specialising in spices, agricultural commodities, fresh produce, herbal products, and dry fruits. Founded with a commitment to quality and reliability, we are building sourcing partnerships with importers and distributors across the Middle East, Europe, Southeast Asia, North America, and Africa.

We are developing sourcing partnerships with farmers, processors, and trusted suppliers across India's key agricultural regions to build a transparent and reliable supply network. We support destination-country documentation requirements and work with buyers to arrange appropriate testing, certifications, and compliance documentation based on product category and market requirements.
